and respectively. The juvenile C. of this morning, charged with having been on Tuesday evening. The three were remanded for a week. Young boys also are charged having tampered with post-office boxes.

**RUSSIA BARS GERMAN GOOD**

London, Jan. 23.—Upon the resumption of the Russian House, says a London dispatch, the Russian Finance proposes to introduce a bill to bar a good German from the employment of the Customs office and the Russian consulates, especially those with a view to preventing their entry into Russia.

**FATAL GAS EXPLOSION.**

Windsor, Ont., Jan. 21.—John McLean and a dead cow man and wife may die and several others were seriously injured by a gas explosion which wrecked a four-family tenement house in Windsor, Ont. The main investigation revealed that the gas had gathered in the main fifteen feet from the house and exploded. The explosion occurred to the house and the explosion killed a match was struck.

Bread making is traced back to early China, some 2,000 years ago, the Christian era.

## County and City Chairmen

The numbers on the map correspond with the numbers in the column below headed "COUNTY." For example, to find out what number 28 on the map stands for, run down the "COUNTY" column to number 28—"Middlesex County, London, A. E. Silverwood, Chairman."

This movement is the most formidable ever launched in the interests of Prohibition. Its success seems assured, because public sentiment is undoubtedly overwhelmingly in favor of Prohibition in Ontario.

The executive head of this powerful new movement is known as the Citizens' Committee of One Hundred. This is merely a convenient name, for there are over two hundred in its membership, and nearly 85,000 volunteer helpers.

We have stated repeatedly that this organization is entirely non-partisan. To-day we publish the names of those comprising the Committee, so that the public can see that the movement is all we claim it to be. Look over the names in the right-hand column of this announcement and you will find there many men whom you know by reputation in the realm of business and finance, as well as members of both political parties, and representatives of various creeds and orders.

We have also printed the names of the various County and City Chairmen, who are also members of the Citizens' Committee, and have charge of our organizations with local headquarters as shown on the map. You will see by the map that the organization covers every settled part of the Province. Besides these County and City organizations we have organizations in over 700 municipalities.

The Citizens Committee of One Hundred has nothing to hide. Its membership is an open book that all may read. Its object, the securing of Prohibition in Ontario, is one that all should help attain. Do your part: Sign the petition for Prohibition.

### Two British Fliers Rescue One Another in Turn.

The King has been graciously pleased to approve of the grant of the Victoria Cross to Squadron-Commander Richard Bell Davies, D.S.O., R.N., and the Distinguished Service Cross to Flight Sub-Lieutenant Gilbert Forman.

by Smylie, R. N., in recognition of their behaviour in the following circumstances:

On November 19 these two officers carried out an air attack on Ferrijik Junction. Flight Sub-Lieutenant Smylie's machine was brought down by heavy fire. The pilot planned down over the station, releasing all his bombs except one, which failed to drop. Thence he continued his descent into the march.

On alighting he saw the one unexploded bomb, and set fire to his machine, knowing that the bomb would

At this moment he saw Squadron Commander Davies descending, and fearing that he would come down near the burning machine and thus risk destruction from the bomb, he was back and from a short distance exploded the bomb by means of a pistol bullet.

Squadron-Commander Davies descended at a safe distance from the burning machine, took up Sub-Lieutenant Smylie, in spite of the near approach of a party of the enemy, and returned to the aerodrome—a feat of

irmanship that can seldom have been equalled for skill and gallantry. Squadron-Commander Richard Bell Davies, D.S.O., is twenty-nine years of age and a bachelor. For the first five years he has lived at Rotherfield, Sussex. He entered the navy about eleven years ago. He was taught to fly by Mr. Gramme-White about three years ago. He was sent to Somaliland at the beginning of the war, and when he returned was sent to Belgium. It was Squadron-Commander Davies who made the attempt to destroy the German aerodrome in Brussels early in the

Mr. Later on he took part in an aerial attack on Zebrugga, in which he was wounded, and for which he received the D.S.O. About March last, having recovered from his wound, he went to the Dardanelles.

crease in the surplus derived from the business used by our ready letter writers. It is, however, the surplus had decreased to a trifling sum, and in 1915 vanished altogether, and in its place is found a deficit of \$1,000,000. The cause of this is, Of course, the war and the consequent depression in business may account for this, but I think the main reason is due to the fact that the department is loaded with upward of 4,000 more employees than the same department possessed in 1913. The Government pays its employees roughly as receiving an average of \$1,000 per annum, and it is estimated that upward of \$4,500,000 has been paid in 1915.

In 1913 the net revenue of the department was \$29,022,000; in 1915 it had increased to \$13,048,000. In other words, the net revenue of the department has been

periods, high postage rates and all other factors. To meet the increased salary list of \$4,500 added additional expenses. Or, but if another way, our postal revenue in the same one-year period is at thirty per cent, and in the same period the expenditure increased by about twenty-five per cent.

# SOCIETY

Mr. James Massey, 21 Murray west, has returned after spending three weeks in Bermuda.

Lady Hendrie will receive at Government House on Thursday, the 27th inst, from 4.30 to 6 o'clock.

Miss Dorothy Massey, who has been visiting Mrs. George Thompson, has returned to her home in Toronto.

A special business meeting of Paardberg Chapter, I.O.D.E., will be held on Thursday morning, Jan. 26, at 10.30 in the Y.W.C.A.

Miss Neveve Pepper, Woodstock, is spending a day or two with Miss Nellie Fidler.

Miss Nora VonGuten, Chatham, is spending a week in Hamilton, the guest of Mrs. F. Pearson.

Mrs. Burton Foster has returned from a visit to Mr. and Mrs. H. Canaan, Niagara Falls, N. Y.

Invitations are out for a dance to be held in St. Patrick's Parish hall on Wednesday night next, under the auspices of the hall committee.

The ladies of Wesley Methodist Church are doing their best to make the winter work as common among the people of Hamilton.

Last week they gave 30 shirts to the Hamilton hospital for patients, 40 towels and 15 pairs of socks. This is a weekly average.

The Women's Work Committee of the Hamilton branch of the Red Cross Society will in future notify its members of the fortnightly meetings by individual post cards at the post.

The next meeting will be held at the Y.W.C.A. at 11 o'clock Monday, Jan. 24th.

The matrons of the Daughters of the Regiment knitting Club meet every Wednesday afternoon at 7.30.

This week Mrs. Guy entertained. At the request of the president, Miss Isabel Burrows, the sessions will continue for a couple of months on a winter members knitting class.

The next meeting of the Women's Club will be held at the Conservatory of Music on Friday, 23rd January, at 4 o'clock when Dr. W. H. Sharpe, of Toronto, will deliver an address on "Recent Experiences in Serbia".

Dr. Sharpe, who is now in the hospital at Belgrade, was in the latter part of October, forced to flee at 4 o'clock.

At the meeting there will be a show of the Serbian Red Cross, and the stockings for adults and children.

The anniversary of the opening of the Y.W.C.A. building will be of much interest not only to the members, but to the public.

The Y.W.C.A. will be at 3.30 p.m. Mrs. A. A. Pearson, M.P., will be the guest of honor.

# CANADIAN GUNS HOLD SUPERIORITY OVER HUN

## Eye-Witness Reports They Are Still Better Than the German Artillery.

### Peter Kiel, Famous Winnipeg Sniper, Killed by Shell-Fire.

Ottawa, Jan. 28.—Major-General Sir John Dill, Commander-in-Chief of the Canadian Expeditionary Force, has received the following official communication from the Canadian general representative in France:

"Canadian General Headquarters in France, Jan. 28.—During the period January 7-18 there has been no material change in the general situation in front of the Canadian corps. The weather has shown decided improvement, and there have been several days of brilliant sunshine.

"Our soldiers in both divisions have done excellent work. At 11 o'clock on the morning of January 14, 1st. Lt. McLaughlin and Snider, of the 10th Canadian-Superior Battalion, captured an old German machine gun, and from there fired at and killed three of the enemy, one of whom was an officer.

"Snider Patrick Kiel, of our 8th Battalion, Winnipeg Rifles, was killed by shell fire on Jan. 14. He was one of the best snipers of our second infantry brigade, and had been with the 8th Battalion since its formation in August, 1914. He had 29 Germans to his credit. Kiel was a relative of the famous rifle, Louis Kiel, and came from Port Arthur, Ont.

**CANADIAN GUNS SUPERIOR.**

The outstanding feature of the period has been our artillery activity. Our guns have maintained their superiority. On the front of both the first and second divisions we have successfully bombarded German gun emplacements, machine gun positions, and other targets. Combined shots have been carried out by our field batteries and heavy artillery against various fortified positions. A direct hit on a German machine gun position on Jan. 10 caused serious damage. An aeroplane ranging for one of our batteries reported that a direct hit on a German machine gun position was seen to fly in all directions. The explosion of the projectile was heard by the German fire trench, and the German fire trench was seen to be in flames. Our first artillery brigade com-

pletely demolished a German machine gun emplacement.

"On several occasions the enemy has bombarded sections of our front line with trench mortar bombs. Our retaliation has been effective. On the afternoon of the 14th, in front of our second division we destroyed by trench mortar fire a hundred yards of overhanging cover, which consisted of quarter-inch steel plates and a row of sandbags covered with chicken wire.

"The enemy had been engaged on this work for some time and had only completed it the previous night. At another point on the same afternoon a burst of 20 feet was made clean through the enemy parapet, by our mortar shells.

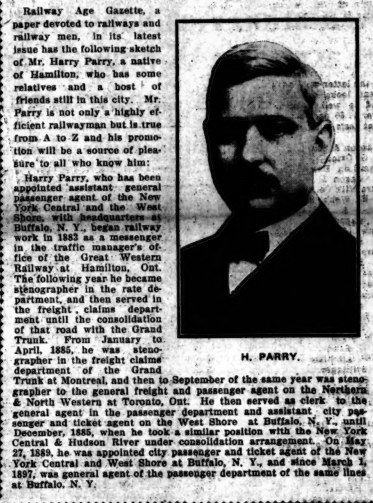

"On the 16th a German wing party of 50 men was observed and promptly dispersed by our machine gun and rifle fire.

"Our patrols have been active and have maintained an upper hand in 'No Man's Land.' One occasion a German patrol approached our trench, which was detected and promptly driven off. With this exception, the absence of the enemy's patrols has been a constant feature.

"On January 17 an officer's patrol discovered an enemy listening post, although heavily fired upon, succeeded in driving back the occupants toward their own trenches.

"The enemy have been active and on two occasions have dropped bombs within our lines. Little damage was done. Several hostile machines which attempted to approach our lines were successfully driven off by our armor and artillery.

# New A. G. P. A. of the New York Central Lines

H. PARRY.

Railway Age Gazette, a paper devoted to railways and railway men, in its latest issue has the following sketch of Mr. Harry Parry, a native of Hamilton, who has some relatives and a host of friends still in this city. Mr. Parry is not only a highly efficient railwayman but is true from A to Z and his promotion will be a source of pleasure to all who know him:

Harry Parry, who has been general manager of the New York Central and the West. The afternoon of the 14th, in front of our second division we destroyed by trench mortar fire a hundred yards of overhanging cover, which consisted of quarter-inch steel plates and a row of sandbags covered with chicken wire.

"The enemy had been engaged on this work for some time and had only completed it the previous night. At another point on the same afternoon a burst of 20 feet was made clean through the enemy parapet, by our mortar shells.

# THE MAN IN OVERALLS

Join something.

What we have to hold over at the City Hall, but there will be no salary increase.

It may be all right to take an airing in an auto, but the best and healthiest exercise is walking if you don't own a car.

The Easter brides are now looming into sight. The bridegrooms can be discerned in the background.

He is a poor sort of a church member who does not hear the preacher on Sunday.

What is Rev. Peart doing about these Sherman avenue steps? I hope that he hasn't forgotten them.

I will defer my annual visitation to the House of Refuge until Mr. Gripe surrenders. I hope he will, where angels fear to tread, but that is my way.

I hope that A.M. Wright is paying attention to what I am telling him about these fires.

If you shirk your duty now, how will you explain the matter to your family later on?

How are the farmers on patriotism and production this year? Did it get last year?

There is no use trying to hang it out. If you have really got the grip, you can't catch cold.

If you can't sit down anywhere, there is lots of room in the G.O.P.

Don't look for your neighbor to clean your snow off. Get him yourself. It's easier.

# HORSE OWNERS MAKE PROTEST

Ontario Breeders Allege Ill-treatment in War Purchases.

Want Buying by Mr. Adam Beck Restored.

Ontario, Jan. 28.—The Ontario Horse Breeders' Association, a body of horse owners and breeders, has made a protest against the purchase of horses by the Canadian Government for military purposes. The association claims that the horses are being treated in a most inhuman manner, and that the purchase of horses is being carried out in a most unfair manner.

The association claims that the horses are being treated in a most inhuman manner, and that the purchase of horses is being carried out in a most unfair manner. # RAID UPON BULGARIA START OF BIG PLANS

## Object of Allies' is the Cutting of the Line to the Orient.

### Success Would Compel Ferdinand to Shift His Forces.

London, Jan. 28.—Sofia officially admits the bombardment of Dobrich and the "landing at Porto Lagos," reported yesterday, but asserts that no casualties were suffered by the Bulgarians. The absence, however, of a denial that damage was done tends to indicate that the allied attacks were successful in that respect. Official Bulgarian statements telling of previous bombardments of the two ports have made a special point that no military purpose was served by the allied attacks.

Details to hand tonight indicated that a powerful allied squadron, presumably part of the fleet from the Dardanelles, bombarded Porto Lagos, which is the Bulgarian seaport on the eastern coast of the Greek border and about 100 miles east of Saloniki. The naval guns silenced the port's defense forces cannon, which were a force was landed. This force proceeded northward in the direction of the important Bulgarian seaport of Varna, which is the main line of communication between the Balkans and the Black Sea.

The Bulgarian gun emplacements were destroyed prior to the re-occupation of the port. The allied squadron, which was reported to have been in the area, was reported to have been in the area, and was reported to have been in the area.

A wireless dispatch from Rome states that Enza Pajola, Provisional President of Albania, has arrived at the Montenapaltes hotel in Paris, to join the Montenapaltes troops which are retreating to that point. The dispatch says that Pajola is a member of the Albanian royal family, and is a member of the Albanian royal family.

Two to be Moved in the Canadian Commons.

One for Federal, One for Provincial Measures.

Ottawa, Jan. 28.—The prohibition question is coming before Parliament in two different phases. H. H. Stevens, Conservative member for Vancouver, has introduced a bill to prohibit the manufacture, sale and distribution of intoxicating liquors for beverage purposes at the time when the Empire is at war.

The bill is a modification of the existing law, and is a modification of the existing law. The bill is a modification of the existing law, and is a modification of the existing law.

# CALL FOR MILITARY TO HELP THEIR COUNTRY

## John A. Flork Brings Case of U. S. Workers Before Them.

### Organization to be Done Among Custom Tailors.

A communication from Premier Borden was received at the meeting of the Trades and Labor Council, held last evening, stating that the matter before the council was brought before them by the President of the Council, the insertion of the fair wage clause in all war contracts, would be earnestly considered by the Cabinet.

An appeal from the Mothers' Union of America was also read. This union is asking that every union man give the mother's pay. This money will be used to relieve the members of the Mothers' Union, whose homes are to be affected on a court order for the almost \$200,000, granted in favor of the manufacturers some time ago.

The committee appointed to consider the matter of the local contribution to give this matter immediate attention. He asked that the contribution of one hour's pay be made by each man on Jan. 27, explaining that the judgment against the manufacturers was a subject for discussion.

# A STATE LINE TO THE COAST

## Over the G. T. P.

### Negotiations Likely to Reach Head This Session.

Ottawa, Jan. 28.—Negotiations between the Canadian Government and the Great Trunk Pacific Railway Company in connection with the Grand Trunk Pacific from Winnipeg to Prince Rupert, which have been in progress for some time, are expected to be brought to a head when the Minister of Railways, Hon. Frank Cochrane, returns from England. While the Minister announced upon leaving that his visit was made primarily for the purpose of meeting the two men who are with the expeditionary forces overseas, it is stated that while there he will confer with the higher officials in England, including Mr. A. W. Smith, of the Great Trunk Pacific.

The impression is growing in Ottawa that the negotiations will result in the assuming by the Government of the liabilities of the company, and the taking over for Government operation of the Grand Trunk Pacific line, thus creating a Government-owned and operated railway from coast to coast in conjunction with the National Transcontinental line.

The negotiations in question have been going on for some time, and it is expected that they will come to a head, before Parliament meets. Premier Smithers was at Ottawa some months ago, and while here conferred with the Prime Minister and the Minister of Railways at some length. But nothing was decided upon the question for a still longer period, but it is believed that it will have to be settled one way or the other on an early date.

While the Grand Trunk Railway has a considerable amount of money in the enterprise, it is not thought likely that the Government will enter into any agreement, which involves the handing over to the Grand Trunk of its whole present equity in the line to the Government.

It is believed that the Government will assume the liabilities of the company, and face probably temporary deficits in operation and interest on bonded indebtedness for a few years. It is estimated that the Government is interested in the Grand Trunk to the extent of about \$135,000,000.

The total mileage of the G. T. P. system is approximately 1,500 miles, and the cost of construction is said to total nearly \$200,000,000.

The Grand Trunk Pacific Railway Company is a company which has been in existence for some time, and has been in existence for some time.

# TURKS FLEEING BEFORE RUSS

## Osar's Troops Bared Them Right to Emperor's Gates.

### Many Prisoners and Much Booty —Gain in Persia.

London, Jan. 28.—Considerable news on the part of the Russians is shown by tonight's official statement. In the Caucasus the Czar's forces, after regaining a Turkish attempt to drive them back, pursued and drove the Turks before them, as the Turks, sabring or taking as prisoners in this operation over 10,000 men and a large amount of booty, as well as the towns of Hassan Kalah, 20 miles east of Erzerum, and then drove the fleeing Turkish forces on.

Today's Petrograd official states that in the coast region the Turks are in a wide front to drive back the Russian troops, but were repulsed with heavy losses. Pursuing them, the Russian forces captured a large number of prisoners and booty, as well as the towns of Hassan Kalah, 20 miles east of Erzerum, and then drove the fleeing Turkish forces on.

On the southern shore of Lake Van the Czar's troops drove back the Turkish forces, and captured a large number of prisoners and booty, as well as the towns of Hassan Kalah, 20 miles east of Erzerum, and then drove the fleeing Turkish forces on.

A Tehran dispatch states that the Russian columns operating in Persia have advanced from Kaskan and occupied the town of Sahababad, 100 miles east of Tehran, and are now on a direct line north-west of Isfahan. The Russian and German forces have fled to Herat, 100 miles west of Sahababad.

Under British rule alone there are about 25,000,000 dollars in the tropics.
